

**Recommended age:** 7 years and up

## Activity 4:

### Let's make a sundial

"Prometheus, from the flame to the sun" is one of the activities you can find, expanded, in the *fallaire* suitcase ([debatabat.eu](http://debatabat.eu))

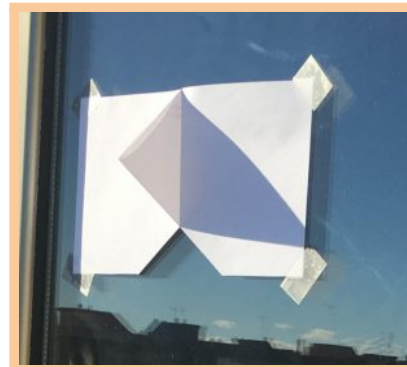

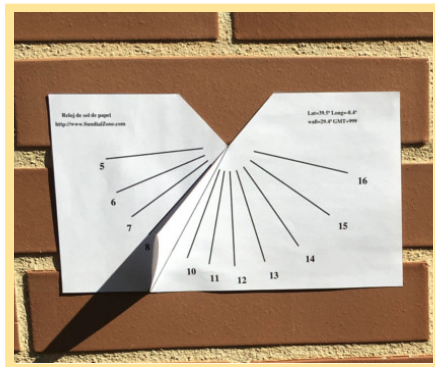

Through the website shown below, you can start creating your **sundial**:

<https://www.sundialzone.com/va/rellotgedesol>

Before downloading the type of clock you like best, **think about whether you prefer** it on the wall or window!

In addition, this website detects your **location** and thus, the time shown on the sundial should be the same as the one on any other clock in your house.

Once you've built your sundial and hung it up, take a picture of it and share it on social media with us; use the hashtag:

**#cepipudl #prometheus**

*@udl.cepip @cepip.udl @prometheus\_poctefa*
