

**Recommended age:** 6 years and up, with an adult's help

### Activity 5:

#### Let's build a bonfire!

This craft is quite simple. Want to give it a try?

Before you start building the bonfire, here are some **examples** to help you choose the one you like best:

Source: Pinterest

As you can see in the examples, a bonfire can be built in different ways. We've chosen one similar to the first image.

Next, we'll tell you **how to do it**:

#### Materials:

- **Two squares of cardboard**, of the size you want the bonfire to be.
- A **round piece of cardboard** for the base.
- A **pencil** and an **eraser**, to draw the outline.
- **Paint** or **markers**, to colour!
- **Crepe paper** of any colour you want (or newspaper!)

## Instructions:

1

**Cut** the two equal pieces of cardboard in the shape of a flame and paint them.

2

**Cut out the round base and decorate it**, gluing on the paper (which you can also paint).

3

Make a cut in each flame, from the top to the centre, put the flames together and glue them to the base!

**Our fire pit is ready!**
